The green signifies the lush cedar forests, embodying vitality and resilience.

ORANGE - POTTERY CLAY

The orange symbolizes the earthy warmth of pottery clay, connecting us to our artisanal roots.

NAMED BLANKA FOR ITS DIVINE WHITE COLOR AND PURE BLEND, THIS HANDMADE ARAK IS THE RESULT OF THE BEJJANIS' PASSION, DEDICATION, AND LOVE FOR THEIR CRAFT.

For 50 years, the Bejjani family has mastered the art of Arak making. The journey began with Halim Bejjani and his smooth and refined Arak.

His son Robert worked hard to perfect this craft, becoming a renowned Master Distiller and passing his knowledge on to his son Ramy.

Together, they blend tradition with modern techniques, producing BLANKA, the artisanal premium Arak known for its pure white color and unique taste
